Re: Decision by ECTE Accreditation Commission

Dear Colleagues,

based on policy and procedural reviews related to the accreditation of new programmes within ECTE the Accreditation Commission (AC) in its session on April 11, 2023, reconsidered its decision of March 2023 related to the “provisional” status of OCRPL programme accreditation.

The ECTE AC on April 11, 2023, unanimously decided **to grant full accreditation** to the reviewed programmes:

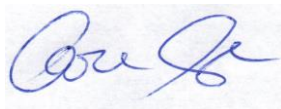

EQF/ISCED Level	QF-EHEA Cycle	ECTS-Points	Name in the language of delivery as advertised	ICETE-level	Delivery mode
Level 5 (partial)	Short Cycle (intermediate)	60 ECTS	Certificate	Certificate	blended
Level 5	Short Cycle	120 ECTS	Diploma	Diploma	blended
Level 6	First Cycle	180 ECTS	Bachelors	Bachelor	blended

Accreditation is valid until January 23, 2028 (five years from first AC decision relating to this review), at which time the next cyclical review must be completed

The ECTE website directory will be updated accordingly by removing “provisional” from the programme entry for OCRPL.

Please do not hesitate to contact me as questions arise.

Serving Him with you

Carmen Crouse
Accreditation Director
