Programme accreditation

Bachelor (licence) and Master (maîtrise et DEA) programmes in Music and Musicology

Faculty of Music and Musicology, Antonine University (Beirut, Lebanon)

Site-visit: 13-16 October 2019

Introduction

The Faculty of Music and Musicology (FMM) of the Antonine University (UA) mandated MusiQuE to organize a quality enhancement review and accreditation procedure for two training programmes: Bachelor and Master in Music and Musicology.

This evaluation aims at encouraging the FMM to further reflect on the quality of its educational offer and, where appropriate, put forward suggestions for improvement. The objectives of the mission also include introducing new ideas and opening up greater opportunities for development in order to improve the quality of the higher music education offer at UA.

The accreditation process was structured in four phases:

1. Self-evaluation report

The FMM has produced a self-evaluation report (SER) in compliance with the MusiQuE standards for academic programme assessments.

2. Preparation of the on-site visit

Before the on-site visit, each member of the Review Team analyzed the SER, identifying strengths and areas for improvement in both study programmes and drafting questions to be asked during the on-site visit interviews.

3. On-site visit

The Review Team was in Beirut to carry out an on-site visit at FMM (October 13-16, 2019). During their stay, the reviewers conducted many interviews with all stakeholders concerned and had the pleasure of attending two musical events organized by FMM: an evening of early Eastern and Western music (Oct. 14) and one of the concerts dedicated to the complete Beethoven Piano Sonata Cycle - a Lebanese premiere (Oct. 15).

4. Assessment report

Based on the analysis of all the qualitative and quantitative data collected during the on-site visit, of the SER and its annexes, the Review Team produced a report highlighting best practices and making recommendations concerning the future development of FMM.

The previous external quality assurance procedure undertaken at UA (which included FMM) was carried out in 2017, by the Swiss Accreditation and Quality Assurance Agency (AAQ). It led to the certification of UA's overall quality assurance system (from which the FMM fully benefits). In consequence, the methodology used for producing the self-evaluation report as well as the documents provided for drafting the present assessment report are based on proven quality assurance mechanisms. The issue at stake here lies beyond the very efficient quality assurance system already implemented and the mission entrusted to the Review Team is to be conducted in the spirit of critical friendship in order to help FMM get through the next stages of development.

The Review Team consisted of the following members:

- Philippe Dinkel (Chair) Haute École de Musique de Genève, Switzerland
- Frédéric Billiet, Sorbonne Université, Paris, France
- Christina Guillaumier, Royal College of Music, United-Kingdom
- Gracia Rizk (Student), Université Libanaise, Lebanon
- Antoine Gilliéron (Secretary), Haute École de Musique de Lausanne, Switzerland

Conclusion

A dynamic institution, driven by ambition and committed to academic integrity, the FMM has significant potential, playing a pioneer role in many fields and operating as a positive community, respectful and supportive of every student's chosen individual learning pathway.

Cutting-edge academic research and musical bilingualism – rediscovering regional cultural roots without neglecting Western music traditions - entitle FMM to take a rather unique position in the Arab world, which constitutes genuine added value. Fully supported by the Rector's Council as the standard-bearer for UA's core values, the FMM is able to pursue its efforts to develop innovative teaching methods, as well as manage and deploy its educational and cultural offer across Lebanese society with a view to reaching far beyond.

To further strengthen its position, FMM should develop a digital strategy, promote its international visibility and profile, reassess its evaluation methods and ensure effective succession planning.

To achieve its ambitious objective of becoming one of the best universities in the whole country, FMM has no choice but to make use of all available resources. In that respect, it seems crucial to take the opportunity to form an inter-institutional alliance so as to enter into dialogue with political authorities on specific issues such as creating postgraduate courses or training artists not only for the job market but educating citizen-artists, initiating projects outside of existing structures, for example by increasing transdisciplinarity and strengthening artistic standards.

The Review Team considers that together with the suggested improvements, consciousness of its own strengths should help the two FMM training programmes – now accredited by an external accrediting body - strengthen and clarify the institution's national and international position. Its artistic influence and educational reach would then ensure a coherent synergetic bond to shape the future more serenely. A formidable think-tank, receptive to innovations, the FMM can face the world with kindness and boldness.

The Review Team was impressed by the FMM's remarkable achievements, especially in the sensitive context of Lebanese Higher Education, and by the generous, intelligent individuals who keep the institution alive. The Team sincerely hopes that this accreditation will enable FMM to continue its commitment to music, to Lebanese people and the Mediterranean region, and make an effective

contribution to positive social change through Art by successfully addressing today's numerous challenges.
