

Dear Prof. Dr. **Prof. Dr. Hüseyin DALGAR**
RECTOR OF BURDUR MEHMET AKİF ERSOY ÜNİVERSİTESİ

The Higher Education Quality Council (THEQC), at its meeting dated **20/08/2026**, evaluated your institution within the scope of **2026 Mid-term Evaluation Program** according to the THEQC Institutional External Evaluation and Accreditation Criteria, and decided on **Full Accreditation for 5 Years** for your institution.

The Council made its accreditation decision based on the **Mid-term Evaluation Report** prepared by the Evaluation Team formed within the scope of the **Mid-term Evaluation Program**, and on the recommendations of the Institutional External Evaluation and Accreditation Commission following the Consistency Analysis.

The Council recommends that particular focus be placed on the sub-criteria with a maturity level of 3 or below in your Institutional Accreditation Report, that monitoring and improvement activities be carried out in these areas, and that existing strong areas be maintained and further developed. We believe that the improvement activities to be carried out by your institution will contribute to the development of your quality assurance processes.

On the occasion of your institution being entitled to receive full accreditation, we congratulate you for leading this process, all your managers/directors and staff, quality commission members and all your stakeholders. THEQC wishes you success in your future continuous improvement work.

Prof.Dr. Ümit KOCABIÇAK

President of THEQC
